A Note from College Leadership

Professional Learning in Character Education

“Intelligence plus character—that is the goal of true education.” Martin Luther King, Jr.

Thanks to a \$4.8 million grant from the Kern Family Foundation, WGU’s Teachers College is launching a national online competency-based professional learning program that will enable K–12 educators to build schools of character where every child achieves academically and thrives socially. The program, which includes micro-credentials, will be offered through two tracks, one for principals and one for teachers, so that character education is implemented across the curriculum and throughout the school community. Stay Involved

Join the Night Owl Network

It's often said that success is as much about "who you know" as "what you know."

Earning your degree helped you hone what you know. The Night Owl Network can help you expand who you know.
