WGU Texas' flexibility allows you to complete your coursework from anywhere your busy schedule takes you. To celebrate 10 years of going where you go, we invite you to take this Sage cutout to a variety of locations around the state. Whether it’s picnicking at your favorite park, cheering for your favorite sports team, sitting at a local coffee shop, or hiking a trail, position Sage in the shot and post it to social media with the location and hashtag #sageacrosstx.

Take Sage Across the State

1. Print out this 8.5” x 11” image of Sage.

2. Cut around the dotted lines.

3. Find the most interesting, creative, and unique places around Texas to position Sage and snap a quick pic.

4. Upload the image to your social media account(s) using #sageacrosstx and include the location.
