**"Happy 10th Anniversary, WGU Texas!  
We were established in 2011 to  
provide online, competency-based  
degree programs with a focus on  
working adults. Since then, we have  
graduated nearly 20,000 Texans,  
positively impacting their lives and  
generations to come. I'm grateful to be

**"Nobody does online better than WGU Texas. It is to the 21st-century education as cell phones are to landlines. Their online learning tech is best-in-class because they started with a clean slate. Those who compete often offer a clumsy mix of old and new. Congratulations on 10 years of changing lives, WGU Texas!"**

"August 3rd is an auspicious date for me personally as it is the date of my marriage some 53 years ago. It is also a celebratory date for WGU Texas which has prospered awarding degrees in fields to many who would not have been able to obtain the required degrees to work. Congratulations and continued success to all the employees who have made WGU Texas the success it is and best wishes for many, many more years of changing lives through higher education."
