Each year, the WGU-Harris Poll Graduates Study shows how graduates rate their overall experience with WGU’s academic programs, whether those graduates possess the competencies required in their field of work, and their employment status after graduation. The 2023 Graduates Study was conducted online from October 5 to November 3, 2023. Harris Poll surveyed 1,655 WGU graduates and 1,443 national, non-WGU graduates in each of the four degree fields WGU offers: education/teaching, business, information technology, and nursing.

### Academic Programs

- **Satisfied with overall experience:**
