# WGU SCHOOL OF TECHNOLOGY

## Online IT Degrees With Certifications Included

As one of the largest conferrers of IT and cybersecurity degrees in the country, nonprofit WGU's School of Technology is helping to meet the growing demand of IT professionals with its certificates and accredited, industry-aligned degrees. By earning valuable IT certifications along with bachelor's and master's degrees, students are highly employable and equipped with the skills they need to succeed in the workplace.

## Accreditation and Designations

57,629

Current Enrollment

52,481

## Areas of Impact

In addition to developing relevant curriculum in collaboration with top industry experts, School of Technology integrates in-demand industry certifications into bachelor's and master's programs at no additional cost to students.

The School of Technology's B.S. in Computer Science program is accredited by the Accreditation Board for Engineering and Technology (ABET), and the B.S. in Cybersecurity and Information Assurance program has been awarded a National Center of Academic Excellence in Cyber Defense (CAE-CD) designation by the National Security Agency (NSA).

The School of Technology helps create pathways to opportunity for people who have historically been underrepresented in the tech sector.
